THE SILVERTON ELECTION.

Those Illegal Ballots—the Louisiana Method Introduced in Oregon.

ED. CAPITAL JOURNAL: During my visit to Salem yesterday, I found that everybody had a wrong impression as to the facts concerning the municipal election held at this place on the first Monday of the present month.

The news had been sent out that the prohibitionists had voted on colored, and therefore illegal paper, and that their ballots had been properly thrown out by the city council.

The same word had been carried from here by the visitors from Salem, who attended on the occasion of Judge Williams' speech here on the 8th inst., and republicans have been making merry over the assumption that "the little nest of prohibitionists at Silverton" had been effectually squelched by the judge's speech.

Very sarcastic remarks have been indulged concerning Davenport, who, though he helped to make the law, had no more sense than to think any paper that the voter might use, is legal.

To set these matters right, I wish to say that the ballots used by the prohibitionists were made of paper furnished by the secretary of state for the purpose, as the law directs, and that there was no mark or color on the outside of the tickets by which to distinguish them from other legal ballots.

The law requires that the ballot paper shall be "plain white paper," and acting under the law, this is the paper furnished by the secretary of state, and in his judgment it is "plain white paper."

And further; some of the colored ballots had been scratched and the names of candidates on the citizens' ticket had been inserted. These latter were counted for the citizen candidates but thrown out for the prohibition candidates.

So it appears from these facts that the so called colored paper was legal enough when it contained the names of the citizens' ticket but illegal when it contained the names of prohibitionists.

And further the whole city government is in the hands of republicans; the recorder, treasurer, and four members of the council are republicans. They were not elected however, not because they were republicans but because they are intemperate republicans.

There is another fact about it which especially commends it to the sympathy of modest men, and that is, the old council, who passed upon the legality of the prohibition ballot paper, were the same persons, with one exception, who were running on the citizens' ticket. That is, the council threw out their opponents and counted themselves in, a proceeding wholly at variance with the functions of their office.

If the whole election proceedings had been conducted fairly, only one of the citizens, ticket would have been elected and this is the probable reason why the ballot paper became colored in the eyes of the council. The republican state central committee should, without delay, procure an embossed copy of that plank in the state platform which declares in favor of a fair vote and an honest count, and send it to the city council of Silverton to be read by them at each meeting.

TELEGRAPHIC SPLINTS.

May 21. Ida Spaulding, a teacher studying in the Hartford, Conn., normal school, has been ordered to leave on account of her intended marriage to Wah Lee, a Chinese laundryman.

Oscar Beaver, on Saturday, shot and killed J. Cripe, a stockman, about four miles from Lemoore, Cal., in a dispute over land.

In Oakland, Cal., on Sunday, Lee Sennet, 14 years of age, was killed by the accidental discharge of a revolver in the hands of Walter Hicks, a boy of the same age.

Charles Gilbert, living in Angelica, N. Y., recently released from prison, where he was sent for burglary, shot and killed his wife yesterday morning during a family quarrel. He escaped.

Lewis G. Torrance, an old and respected farmer of Dry Point township, Ills., was attacked on Saturday evening by a savage bull in his pasture, and would have been gored to death but for the bravery of his wife who fought the infuriated animal and drove him off.

A little daughter of Henry Cory, living in Caldwell Co., Kentucky, on Thursday drank a poisonous disinfectant, contained in a dish, and now lies in a precarious condition.

In San Francisco, on Saturday, Simon Hamberg was fined \$19,000 and sentenced to a year's imprisonment for defrauding an Oregon farmer out of \$9,500.

The old Libby prison in Richmond has been sold to Chicago parties, who will remove it to that city, and open it as a museum. The price paid was \$23,000.

ED. CAPITAL JOURNAL:—On Wednesday evening, May 16, there was a meeting held at Liberty school house four miles south of Salem and a non-partisan political club organized by the election of W. W. Culver, president and C. L. Weaver, secretary.

The object of the club is to invite democrats, republicans and prohibitionists to discuss the issues of the day. The chair appointed A. B. Mize on behalf of the democrats, Mr. Stephens for the republicans and J. W. Jory for the prohibitionists to procure speakers for the next meeting to be held on the 24th at 7:30 p. m.

So it appears from these facts that the so called colored paper was legal enough when it contained the names of the citizens' ticket but illegal when it contained the names of prohibitionists.

Among the assurances of health afforded us by the regular discharge of the bodily functions, none is more important and reliable than that which regularity of the bowels gives us. If there is any—even a temporary interruption of this—the liver and the stomach suffer conjointly with inactive organs, and still greater mischief ensues if relief is not speedily obtained.

SHOT WHILE IN CHURCH.

A School Teacher Reflects on a Woman's Honor and Forfeits his Life.

KNOXVILLE, (Tenn.), May 20.—J. M. Chandler, agent of the East Tennessee Railroad at Jelico, Tenn., entered the Congregational church this morning while religious services were in progress, and shot Prof. Lawrence, principal of the High School, four times, inflicting fatal wounds. Every shot took effect. On Thursday night Lawrence called on Chandler to collect tuition from him for two of his children, who had been attending school. Words followed, in which Lawrence reflected on the honor of Mrs. Chandler. The latter's husband nursed the insult, and while Lawrence was engaged in worship at the church of which he was a member, deliberately shot him.

Religious Differences.

DETROIT, May 20.—A special from St. Charles says: A tragedy growing out of religious difference between Edward Willman and his wife, occurred a few miles from this place this afternoon. A desire by Mrs. Willman some time ago to unite with the Seventh Adventist church met strong opposition from her husband, and she finally left him and returned to her father's house. This afternoon Willman drove up to the house and found Mrs. Willman alone. Pulling out his revolver, he shot his wife through the breast, and an instant later shot himself through the heart. Mrs. Willman will die.

The Verdict Unanimous.

W. D. Sult, Druggist, Blipus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 10 years' standing. Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters does cure all diseases of the Liver, Kidneys or blood. Only a half dollar a bottle at Dr. H. W. Cox's Drug Store.

Came Home to Her.

It is said that Carrie Bradley, who murdered Brown in her dive in Portland five years ago, and who was pardoned by Gov. Moody in 1886, was murdered by John Wadleigh, her lover, on May 8th, at Tucson, Arizona. Wadleigh came to her house in a drunken condition, and demanded admittance, which she refused. This enraged Wadleigh, and he grabbed Bradley by the head, pulled her out the door, and cut her throat from ear to ear. Verily, was it well written that "they that take the sword, shall perish by the sword."

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at H. W. Cox's drug store.
